Danylo Bilous

Proven and Experienced Full Stack Engineer | Team Leader | DevOps | AI
Calgary, Alberta, Canada

Summary

Senior Full Stack Engineer with 8+ years of experience designing, developing, maintaining web & mobile services and apps. Excellent ability to meet deadlines and work as part of a team to deliver great work. High proficiency in object-oriented methodologies, data structures, and algorithms, as well as quality coding and excellent debugging skills. Since I'm a cool-hearted person, so usually see every difficulty with a positive side and keep myself always smiling which makes me stronger even. Proven track record in optimizing application performance, reducing bugs, and improving overall code quality, resulting in increased user engagement and revenue growth.
